IT'S TIME TO SHIFT –Jeremiah experienced rejection, disappointment, hardship, and deep sadness. Yet in the middle of his struggle, he made a powerful decision: he shifted his thinking. Instead of allowing his circumstances and emotions to have the final word, he reminded himself of who God is. When life becomes difficult, do three things:

Remember who God is — God is loving, compassionate, dependable, and faithful.

Reminisce about His faithfulness — Put God's goodness on "instant replay." Remember the times He provided, protected, strengthened, and carried you through.

Recite His Word — Speak God's truth over your circumstances. Your soul needs to hear what God says, not just what your emotions say.

The shift begins when we become intentional about what occupies our minds. Jeremiah said, "This I recall to my mind, therefore have I hope." His circumstances had not changed yet-but his focus did.

Mt. Hermon: When school gets difficult, relationships become challenging, or life does not go according to plan, it's time to shift. Shift from fear to faith, discouragement to hope, and focusing on the problem to remembering God's promises. "I can do all things through Christ which strengtheneth me." — Philippians 4:13

MINISTRY ELECTIONS - Please pray for God's wisdom and direction as your ministry elects its leadership for the upcoming year. 2 Samuel 23:3. All elected or re-elected leaders are asked to submit their name and complete list of cabinet members to the church office in writing no later than Tuesday, December 1, 2026. Thank you for your prayerful participation and cooperation.

The Lord's Supper will be observed next Sunday after the sermon.

To my beloved Church Family, Thank you from the depths of my heart for the love, kindness, and continued support you have shown me in so many ways during my 2nd Pastoral Anniversary and throughout Pastor Appreciation Month. Every prayer, word of encouragement, gift, and expression of love has truly blessed me. It is an honor and a privilege to serve as your pastor. May God continues to strengthen our church family as we faithfully serve Him together.

With sincere love and appreciation,

Elder George R. Horne Jr., Pastor

To Elder G. Horne and the Mt. Hermon Baptist Church Family, A heartfelt thank you for all of the birthday wishes, cards, blessings, prayers, and words of encouragement. This journey I am going through right now is a process. It takes time, patience, faith, and strength, but I know that God is with me every step of the way. I truly miss you all and appreciate every prayer and every expression of love. May God continue to richly bless each of you. With Love and Gratitude, *Trustee Michael and Trustee Wife Crystal Williams.*

SUNDAY SCHOOL HYMN
HOLD TO GOD'S UNCHANGING HAND

Time is filled with swift transition,
Naught of earth unmoved can stand;
Build your hopes on things eternal,
Hold to God's unchanging hand!

When your journey is completed,
if to God you have been true,
fair and bright the home in glory,
your enraptured soul will view!

CHORUS

Hold to God's unchanging hand!
Hold to God's unchanging hand!
Build your hopes on things eternal,
Hold to God's unchanging hand!

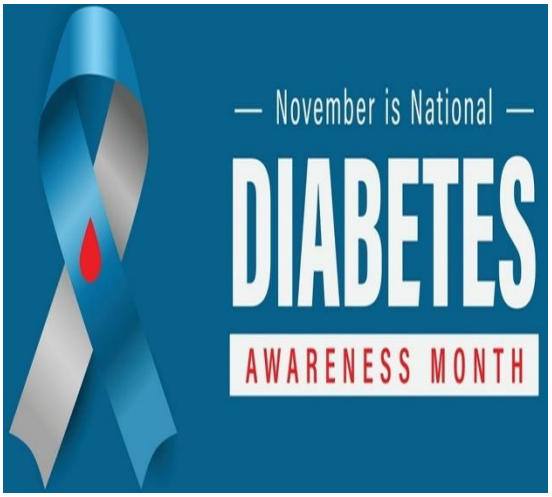
What Is Diabetes?



Diabetes is a medical condition that affects the body's ability to process sugar. People may have prediabetes and diabetes for several years before the onset of symptoms. There are a few classifications of diabetes based on certain conditions:

- Prediabetes
- Type 1 Diabetes
- Type 2 Diabetes
- Gestational Diabetes

Type 2 diabetes (the most common type) develops when the body is resistant to insulin, which is produced by cells in the body. This causes an increase in insulin levels and eventually an increase in blood sugar. Type 1 diabetes differs in that the body's immune system causes cells that produce insulin to die, resulting in a lack of insulin in the body. Regardless of the type of diabetes an individual has, diabetics are defined as having far too much glucose in their bloodstream. Diabetes is a problem because it can cause more significant threats to an individual's health in the future.

Symptoms of Diabetes

If you're not sure whether you or someone you know has diabetes, look for these symptoms. Remember, this is not a comprehensive list of all symptoms, nor should it be used to self-diagnose. If you experience any of these symptoms and think you may be at risk of having or developing diabetes, schedule a visit with your doctor to get screened for diabetes:

- Being hungry and tired regularly, even when you've had enough to eat and enough sleep
- Urinating more often and being thirstier than normal
- Having a dry mouth and/or itchy skin
- Blurred vision
- Being easily irritated
- Frequent yeast or other infections
- Slow-healing cuts or sores
- Numbness and/or pain in legs and feet
- Unintentional and unexplained weight loss
